WORK EXPERIENCE

• Trainee

WEB DESIGNER

05/2000-07/2022

In this role, I was responsible for designing the user interface and experience for the company's website. I created HTML DESIGN using BOOTSTRAP and CSS and high-fidelity mockups to illustrate the user flow and interaction with the site. I also conducted user research to gather feedback and further improve the design.

• FRONT END DEVELOPER

CALL YOUR DHOBI

07/2022-PRESENT

Call your Dhobi is a new startup focused on meeting your day to day laundry needs. We understand that in this fast moving world, you have to manage life in all its spheres.

In this role, I was responsible for designing the user interface and experience for the company's website. I created HTML DESIGN using JAVASCRIPT, BOOTSTRAP and CSS and high-fidelity mockups to illustrate the user flow and interaction with the site. I also conducted user research to gather feedback and further improve the design.
